I'm very excited about this upcoming season. My goal is to help provide the framework to give a rewarding and memorable experience to the young participants within the Purple Panther Program. Also, as a program we are going to stress the TEAM concept as well as teaching our kids about **"Playing with Character...winning or losing this is the ultimate goal with athletics"**. This concept is going to be the basis of our developmental program: from the Purple Panther Board to the coaches, to the players and to you as parents. We will continue to teach the fundamentals of football to build on their level of skill development. Final Goal.. to instill in them the true passion for football.....the love of the game!!!!!!!!!!!!
