## **NEGOTIATIONS GOALS**

The board recognizes that education is a public trust; it, therefore, is dedicated to providing the best possible educational opportunities for the young people of this community. In negotiations, this objective may be best attained if there is a climate of mutual trust and understanding between the negotiating parties.

The board believes that the best interest of public education will be served by establishing procedures that provide an orderly method for the board and representatives of the staff to discuss matters of common concern.

It is further recognized that nothing in negotiations should compromise the board's legal responsibilities, nor should any employee's statutory rights and privileges be impaired.

## **NEGOTIATIONS LEGAL STATUS**

The board negotiates salary and other conditions of employment with employee groups under requirements and subject to limitations set forth in the state law.

Under the South Dakota Compiled Laws, public employees - including members of the teaching profession - may join or refuse to join without prejudice, any organization for professional or economic improvement. Representative of the teachers and the board will meet at reasonable times to negotiate with respect to rates of pay, wages, hours of employment, and other conditions of employment; to confer in good faith; and to attempt to negotiate an agreement.

These laws state further that anything therein “does not compel either party to agree to a proposal or require the making of a concession.”

## NEGOTIATIONS PROCEDURES

Following the granting of recognition to an organization to represent an employee unit, the board, through its designated representative, will meet with the representatives of the organization to negotiate and attempt to reach agreement on matters pertaining to salaries, terms, and conditions of employment, and processing of alleged grievances.

**Initiating of Negotiations:** The board will make an effort to begin negotiations well in advance of contract issuance. A written request to begin negotiations will be sent to the employee unit representatives, and reasonable time will be given to the representatives to respond to the board's request.

**Time and Place of Negotiations:** Negotiations meetings will be scheduled at times which will interfere least with school schedules and the educational program. They will be conducted at times and places mutually agreeable to the negotiators names by each party. At the first meeting, the date and location of the subsequent meeting will be scheduled, and so on. Meeting schedules will be realistic.

**Conduct of Negotiations:** Individual board members cannot negotiate privately with representative of any employee unit. Each negotiation team will be limited to a specific number of individuals determined jointly by the board and the negotiating organization.

During negotiations, the representatives of the board and the organizations will present relevant data, exchange points-of-view, and make proposals and counterproposals. Upon the request of either party, the other will make available for inspection, its records and data pertinent to the subject of negotiations.

Formal negotiations meetings between the parties will be conducted in closed session, unless an open session is agreed upon by both parties.

It is the responsibility of each negotiations team to keep its own records of the proceedings. No audio or video electronic recording devices will be allowed by the board.

If one party calls for a caucus, that party will move to another location for its caucus. Each party will determine which representative may be present at its caucus.

**Communications:** Press releases regarding negotiations progress are the responsibility of each team. The board will have the responsibility of communicating on a continuous basis to the community.

**Reaching Agreement:** All tentative agreements will be written and initialed by spokespersons of the respective negotiating teams. Agreements will be tentative until approved by the employee organization and adopted by the board.

If either the board or the employee organization membership fails to ratify the tentative agreement, negotiations will be continued for a specified period of time in an effort to work out differences locally, prior to declaring impasse and commencing fact-finding procedures.

## **IMPASSE PROCEDURES**

If neither party requests intervention by the Division of Labor and Management within ten (10) days after impasse is reached, the board will assume negotiations are completed and will institute the provisions of the board's last offer.

Within five (5) days of receipt of a fact-finders report, both parties will meet to discuss the report.

In case of failure to reach agreement after full use of mediation, the board will be responsible to make such decisions necessary for the operation of the school system.

So that the educational programs of the district will function without interruption, the board will ensure that contracts that are in force with the district are fulfilled. Any employee who conducts himself/herself in a manner that is disruptive to the educational programs of the district and/or violates the provisions of his/her contract with the district subjects himself/herself willfully to the legal recourses available to the board.
