Dear Parent,

Dakota Valley's 1:1 initiative is virtually unrivaled for a school of this size in the state of South Dakota. We are one of few schools that offers this technology for grades 6-12. With that said, please read the following carefully:

- Students are responsible to abide by Dakota Valley's Acceptable Network and Internet Use Policy. A \$25 reimaging fee will be charged for any unauthorized software installed on the computer.
- Students are responsible for the District owned equipment issued to them. As a parent/guardian you need to make sure your child understands that lost or intentionally damaged equipment will be fined accordingly.
- The District provides insurance for ADP (Accidental Damage Protection) for computers that are damaged without purposeful intent. Accidental Damage Protection includes scenarios such as a spill or dropped computer in accordance with Hewlett Packard's Warranty and Riverside Technologies ADP coverage.
- In the event of a lost or stolen computer Dakota Valley provides insurance for \$25. You can pay this when you get your registration packets or use alternatives such as your home owner's policy. If you opt for the District insurance you must report a lost or stolen computer within 48 hours.

Dakota Valley provides laptop bags for your student, any damage to these will be billed and not covered under the ADP Protection or Insurance Policy. If any coloring or defacing occurs you will be charged a replacement cost of \$30, this is not a book bag and the only items should include the computer and charger. Charges are the same for lost or missing items such as chargers and straps. The strap is \$7, charger \$45, and as stated above unauthorized software is a reimaging fee of \$25.

**Parent Agreement:** As a parent or guardian of this student, I have read the above and understand the information provided in accordance with board policy EHAB:

# Acceptable Network and Internet Use Policy

## Dakota Valley School District

### I. Introduction

The Children's Internet Protection Act (CIPA), 47 U.S.C. §254(h)(5) require public schools to implement certain measures and actions to ensure that students are restricted from accessing inappropriate materials online using school-owned computers. This District's Acceptable Network and Internet Use Policy (hereinafter "AUP") is intended to set forth the specific obligations and responsibilities of all users, including students and staff, who access the District's Network, and to ensure such use complies with the CIPA requirements.

"Network" is defined as any and all District owned computers, servers, hardware or software, the District's local area network, wireless access points, the Internet, Internet 2, the District intranet, email, chat rooms, other forms of direct electronic communications or other communications equipment provided by the District regardless of the physical location of the user. This AUP applies even when District provided equipment (laptops, tablets, etc.) is used on or off premises of District property or if personal property is connected to internal district network connections or computers.

### II. Acceptable Use

The Network may be used only as a tool to support and advance the functions of the District as well as its curriculum and educational programs. Access to the District's Network is a privilege and not a right. Users of the Network are responsible for their behavior and communications over the Network and access to Network services will be provided only to those staff and students who agree to act in a considerate and responsible manner and in accordance with the District's Internet Safety Policy and this AUP.

Students may use the Network only in support of educational activities consistent with the educational objectives of the District. Faculty and staff may use the Network primarily in support of education and research consistent with the educational objectives of the District.

Faculty and staff may access the Network for limited personal use but not for any commercial or business use; however, such personal use may not violate any applicable rules and regulations or applicable administrative procedures or interfere with job performance. Use of the Network must be in compliance with applicable laws, including all copyright laws and all materials on the Network should be presumed to be copyrighted.

All members of the staff who wish to use the Network must sign this AUP whenever requested by the District, to confirm that the staff person has read and understands this policy and agrees to abide by it. Each student must sign this AUP upon enrollment in each building; grades PK-4, 5th-8th and 9th-12th to confirm the student has read and understands this policy and agrees to abide by it. Students who are under 18 must have their parents or guardians sign this AUP and submit it to the District.

### III. Network Etiquette

Users are expected to abide by generally accepted rules of network etiquette (netiquette). These include but are not limited to:

- A. Be polite. Do not send or encourage others to send messages that are abusive or otherwise fall in the definition of Prohibited Use in Section IV.
- B. Use appropriate language. Remember you are a representative of your school on a non-private network. You may be alone on a computer but what you write can be viewed around the world. Do not swear, use vulgarities or any other inappropriate language.

## Acceptable Network and Internet Use Policy

### Dakota Valley School District

- C. All communications and information accessible via the Network should be considered school district property that you cannot appropriate for your own use without appropriate attribution and consent.

#### IV. Prohibited Use

The District reserves the absolute right to define prohibited use of the Network, adopt rules and regulations applicable to Network use, determine whether an activity constitutes a prohibited use of the Network, and determine the consequence of such inappropriate use. Prohibited use includes but is not limited to the following:

- A. *Violating any state or federal law or municipal ordinance, such as: Accessing or transmitting pornography of any kind, obscene depictions, harmful materials, materials that encourage others to violate the law, confidential information or copyrighted materials;*
- B. *Criminal activities that can be punished under law;*
- C. *Altering system software or hardware settings that hamper the use of equipment.*
- D. *Users will not install software not previously approved by the Technology Department.*
- E. *Selling or purchasing illegal items or substances;*
- F. *The unauthorized collection of email addresses ("harvesting") of e-mail addresses from the Global Address List and other District directories;*
- G. *Obtaining and/or using anonymous email sites; spamming; spreading viruses;*
- H. *Circumvention of the District's Technology Protection Measure/filter to access blocked sites;*
- I. *Disclosure of minors' personal information without proper authorization;*
- J. *Students' disclosure of personal information such as the student's name, address, phone number, password or social security number, to other users when engaging in online activities including but not limited to chat rooms, email, social networking web sites*
- K. *Causing harm to others or damage to their property, such as:*
  - 1. *Using profane, abusive, or impolite language; threatening, harassing, bullying or making damaging or false statements about others or accessing, transmitting, or downloading offensive, harassing, or disparaging materials;*
  - 2. *Deleting, copying, modifying, or forging other users' names, emails, files, or data; disguising one's identity, impersonating other users, or sending anonymous email;*
  - 3. *Damaging computer equipment, files, data or the network in any way, including intentionally accessing, transmitting or downloading computer viruses or other harmful files or programs, or disrupting any computer system performance;*
  - 4. *Using any District computer to pursue "hacking," internal or external to the District, or attempting to access information protected by privacy laws; or*
  - 5. *Accessing, transmitting or downloading large files, including "chain letters" or any type of "pyramid schemes".*

# Acceptable Network and Internet Use Policy

## Dakota Valley School District

*Engaging in uses that jeopardize access or lead to unauthorized access into others' accounts or other computer networks, such as:*

1. Using another's account password(s) or identifier(s);
2. Interfering with other users' ability to access their account(s); or
3. Disclosing your own or anyone's password to others or allowing them to use your or another's account(s).

*M. Using the network or Internet for Commercial purposes:*

1. Using the Internet for personal financial gain;
2. Using the Internet for personal advertising, promotion, or financial gain; or
3. Conducting for-profit business activities and/or engaging in non-government related fundraising or public relations activities such as solicitation for religious purposes, lobbying for personal political purposes.

### **V. Off-Premise Use of Network**

Students under the age of 18 should only access District-assigned email accounts and/or other Network components including but not limited to school-assigned computers such as laptops, tablets or e-readers off of District premises if a parent or legal guardian supervises their usage at all times. The student's parent or guardian is responsible for monitoring the minor's off-premise use of the Network and ensuring such use complies with this AUP. Use of personal email accounts is not allowed during the school day.

### **VI. Disclaimer**

Content filtering and logging have been established to monitor any and all computer activity on district provided computers and networks. No right to privacy shall be construed, nor do academic freedom issues necessarily apply.

The District makes no guarantees about the quality of the services provided and is not responsible for any claims, losses, damages, costs, or other obligations arising from use of the Network or accounts. Any additional charges a user accrues due to the use of the District's network are to be borne by the user. The District also denies any responsibility for the accuracy or quality of the information obtained through user access. Any statement, accessible on the computer network or the Internet, is understood to be the author's individual point of view and not that of the District, its affiliates, or employees.

### **VII. Enforcement**

Prohibited use of the Network may, for students, result in disciplinary action up to and including suspension or expulsion from school or, for employees, suspension or termination of employment. Where circumstances warrant, prohibited use of the Network may be referred to law enforcement authorities.

When a school administrator has a reasonable belief that a student has violated a school rule, policy or the law, and there are facts and inferences that would cause a reasonable person to suspect that a search of the student's personal technology device(s) will reveal evidence of a violation of said school rule, policy or the law, the administrator shall have the authority to search such device, provided that the scope of the search relates to the suspected violation giving rise to the reasonable suspicion.

**Mobile Computer Protection**

The Dakota Valley School District recognizes that with the implementation of the Mobile computer initiative there is a need to protect the investment by both the District and the end user. The following outlines the various areas of protection: warranty, accidental damage protection and insurance.

**Computer Vendor Warranty:** This coverage is purchased by the Dakota Valley School District as part of the purchase price of the equipment. The computer vendor warrants the Mobile computers from defects in materials and workmanship. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the Mobile computer or Mobile computer replacement. The vendor warranty does not warrant against damage caused by misuse, abuse, accidents or computer viruses.

**ACCIDENTAL DAMAGE PROTECTION:** The Dakota Valley School District has purchased coverage to protect the Mobile computers against accidental damage such as: liquid spills, accidental drops, power surges, and natural disasters. This coverage does not provide for damage caused by fire, theft, loss, misuse, intentional or frequent damage or cosmetic damage. The hardware vendor will assess the Mobile computer damage and repair or replace the machine at no cost if the damage is determined to be accidental, infrequent, and within the protection guidelines.

**INSURANCE FOR THEFT, LOSS OR FIRE:** Mobile computers that are stolen, lost or damaged by fire are not covered by the Machine Vendor Warranty or the Accidental Damage Protection outlined above. Following are the three options that are available for these types of losses, and the Student/Parent must commit to one by checking the appropriate box.

**No Insurance**

You agree to pay for the replacement of the Mobile computer at a cost not to exceed \$995.00 should the Mobile computer be stolen, lost or damaged by fire.

**Personal Insurance**

You will cover the Mobile computer under your own insurance policy and in the case of a theft, loss or damage by fire, you agree to pay the District the amount received from your insurance company plus any additional amount needed to cover the Mobile computer replacement not to exceed \$995.00.

**School District Protection**

You choose to pay the school district an annual protection payment for coverage of theft, loss or damage by fire in the amount of \$25.00 or \$50.00 for family coverage when there are two or more children in high school using Mobile computers. The \$25.00 payment is nonrefundable.

- This protection coverage has a \$200.00 additional charge per occurrence, if loss is reported within 48 hours.
- This annual coverage begins upon receipt of the payment and ends at the conclusion of each school year.
- You must have the insurance in place PRIOR to a claim / incident.

**ADDITIONAL INFORMATION:** In cases of theft, vandalism and other criminal acts, a police report, or in the case of fire, a fire report **MUST be filed by the end user or parent** for the protection coverage to take place. A copy of the police/fire report must be provided to the office.

The \$200.00 additional charge is the responsibility of the student/parent and must be paid before the Mobile computer can be repaired or replaced.

**INTENTIONAL DAMAGE:** Users/Parents are responsible for full payment of intentional damages to Mobile computers. Warranty, Accidental Damage Protection, or School District Mobile computer Protection **DOES NOT** cover intentional damage of the Mobile computers.
